

LIGHT TRILOGY 13  
THREE TALES OF LIGHT & TECH

DESIGN + BUILD

## ABOUT US

**Light Trilogy 13** stands as a versatile company, boasting founders with over a decade of experience in Turnkey and consultancy services for Lighting design. Our commitment lies in flawlessly executing projects, and our distinctive edge comes from the fusion of expertise and exceptional customer service.

**At Light Trilogy 13**, we specialize in Lighting design, Architectural and Decorative lighting, offering tailored solutions crucial for seamless integration. Our objective is to unite lighting seamlessly with architecture, fostering a cohesive experience. We maintain close connections with architects and clients, ensuring precise execution.

As a comprehensive provider, we offer **Design + Supply services**. Our dedicated design team collaborates with Architects, Interior designers & clients to comprehend their vision, managing details from concept to completion. Whether it's exterior or interior, commercial or hospitality, residential or landscapes, we cater to diverse segments. Our ultimate aspiration is to evolve into a one stop solution offering Design+Supply+Installation+Commissioning, enhancing perfection & efficiency for our projects & clients.

## SERVICES

### CUSTOMISED FIBER OPTIC LIGHTING

We have experience in executing a wide range of Fiber optic lighting installations. We create conceptual proposals based on fiber optic as per site design abstract, these solutions include Starry ceiling, Constellation patterns, Chandeliers, floor or wall integrated patterns, or outdoor lighting installations.

### CUSTOMISED DECORATIVE LIGHTING

We are associated with direct factory team with whom we collaborate for customised decorative chandeliers & art installation pieces as per site requirements & specifications. From Glass to Fabric based chandeliers, we have executed wide range of products as per customisation.

## LIGHT TRILOGY 13 LLP holds the Authorised Distributorship for UNIVERSAL FIBER OPTICS (UFO) for the INDIA REGION.

**UFO is leading manufacturer and supplier of fiber optic and LED lighting systems based out in UK, GERMANY & USA.**

Fiber optic lights are also widely used as a part of Sensory experience.

It provide dazzling effects with relaxing and calming benefits and it is thanks to this fascinating sparkle effects that they are widely used in Kids room,hospitals, schools and therapy centers specially for treating people with learning difficulties, autism, and sensory processing disorders.

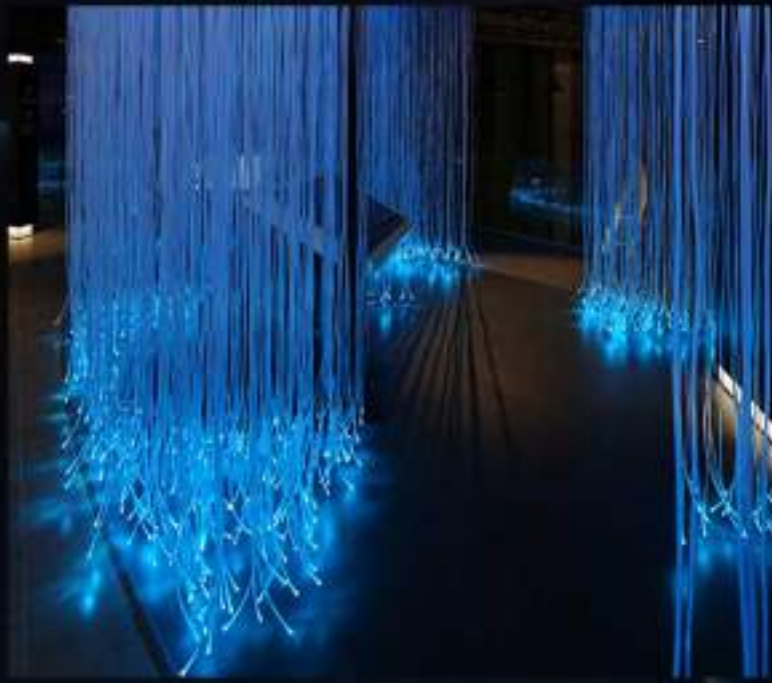

Fiber optics provide a unique experience. It's a chance to get close to light and actually touch and engage with it. The color change properties of have therapeutic benefits and stimulate relaxation for minds.

# LIGHTS THAT YOU CAN TOUCH & FEEL...!

## WHY F.O.

Fiber optic lights are easily customisable as per your design requirements. We have vast experience in executing challenging installations in realising your vision for the project.

These are plastic optical fibers connected with illuminator light source to one end. The fibers just carry the light & hence no worries of electric supply through the wires as in cables.

They can be used both indoors & outdoors, only the light illuminators need to be IP rated as per project requirements. Two types of Fibers are available - End glow & Side Glow.

LIGHTS THAT CAN BE  
SHAPED AS PER  
YOUR DESIGN...!
