Air Care

Microburst 3000

Digitally Programmable Automatic Odour Control and Air Care System

The revolutionary Microburst® systems are the most effective, best cost-in-use, odor neutralizing products available today. The most effective odour neutralizing and fragrancing system through its compact design and sophisticated dispensing.

- The compact dispenser, which is **35% smaller** than other systems, and mini aerosol refills make the system extremely easy to place and store.
- State of the art **Programming Technology** meets individual dispensing requirements, including selecting the number of days to refill replacement and the hours of operation (8, 12, 16 or 24 hours, 5-7 days a week).
- Breakthrough Microburst technology combines advanced refill dispensing and fragrance formulation to deliver **3 times**

more odour neutralizing fragrance molecules that float longer and spread further.

- Contains Microtrans, a proprietary odour neutralizing agent that **eliminates odors** rather than masking them.
- Each Microburst 3000 aerosol refill reliably delivers **3,000 metered sprays**.
- Transform and eliminates unavoidable odors - creates a clean, fresh environment.

System Features:

- 35% smaller than other systems. 168mm (h)x 83mm (w) x 50mm (d).
- Continuous refill and battery life indicators.
- Choice of operating days.
- Safe formulations that are **100% compliant** with EC legislation.
- **10 year guarantee** on dispenser.
- Operates with 2 c-cell alkaline batteries that **last for up to 1 year**.
- One system covers an area of 6,000 cu ft (168 cu m).
- CE approved.
- MSD Sheets available.

Refills: Microburst 3000 Fragrance Pack.

Microburst 3000 refills provide the most effective odour neutralizing available today in a compact system. With outstanding odour control properties the clean fresh scents permeate the air with subtle fragrances that reassure washroom users that the room is clean, safe and comfortable.

The proprietary valve in each 75ml aerosol refills delivers a fine mist spray that travels further into the room and stays longer in the air.

Skin Care System

Foam Soap System Manual

The System

TC Enriched Foam Soap delivers the perfect balance between luxury and value to give you the most popular development in hand care – foaming soaps. This innovative foam system provides the highest quality soap formulas in an extremely efficient dispensing system. It delivers over 2,000 hand washes per refill – up to a 40% savings over both traditional liquid soaps and Competitors' foam soaps!

The Technology

This ultra hygienic system; features a new foaming pump with every self-enclosed, disposable refill so there is no mess, no clogging and no leaks. The unique pump dispenses pre-lathered, rich foam soap into the palm of your hand for a luxurious hand washing experience.

When empty, the separated bag-in-box refill and pump are disposed of; this ensures a safe and hygienic system.

The Advantages

- **High quality soaps encourage use:** Unique formulations with extra dense bubbles and enhanced foam boosters deliver a thicker, richer pre-foamed lather that caresses hands while it cleans for a luxury hand washing experience.
- **Improved hygiene:** Completely disposable refill with a new pump every time ensures fresh, clean soap. Dispenser handle is infused with permanent antimicrobial silver ion treatment that helps reduce the risk of cross contamination.
- **Cost saving:** Delivers over 2,000 hand washes per refill to give you up to 40% savings over traditional liquid soap and other foam soaps. Innovative metered pump dispenses 0.4ml with each push vs. 0.7-1.5ml from conventional system.
- **Low maintenance:** More hand wash capacity means refills last longer reducing labor, plus the unique system is designed to work every time...no downtime, dripping or clogging.

The Refills:

TC enriched Foam Soap comes in a variety of formulas that encourage hand washing and meet your requirements from general washing to higher sanitation in the food service and healthcare environment.

Lotion with Moisturizers Foam Soap: Specially formulated for frequent hand washing contains extra mild cleansing ingredients and enriched with moisturizers to help soothe and soften the skin. Rinses clean. PH balanced. Pleasant light citrus scent. Light Blue.

Capacity: 2000 Hand Washes per refill.

Skin Care System

Auto Foam System

120000 Shots.

The TC Auto Foam™ Soap System provides touch-free dispensing of superior foam soap.

- Encourage healthy hand washing while reducing the risk of cross contamination. Concentrated soap formulas and reliable automated, controlled dispensing are designed to reduce soap usage and maintenance cost.
- Large capacity refills deliver up to 2,750 hand washes up to 60 percent savings over both traditional bag-in-box soaps and other foam systems currently offered. This environmentally responsible design uses a box-less refill to reduce packaging waste.
- **Smart Sensor™** patented technology for reliable operation.
- Three years Replacement warranty against manufacturing defects.
- Operates on “C” Type Alkaline Batteries. Battery life Maximum Three years or up to

The Refills:

TC Enriched Foam Soap comes in two multi-tasking formulas that encourage hand washing and meet the requirements from general washing to higher sanitation needed in food service and health care environments.

Lotion with Moisturizers Foam Soap: Specially formulated for frequent hand washing contains extra mild cleansing ingredients and enriched with moisturizers to help soothe and soften the skin. Rinses clean. PH balanced. Pleasant light scent. Light Blue.

Capacity: 2750 Hand Washes per refill.

Ultra Modern Seat Sanitizer Dispenser

Product Features

The Design –

High End Aesthetic Design to perfectly match with ultra modern looks. **Best germ kill** – Alcohol-based formula works faster and is more effective against bacteria than soap and water-based products. Hygiene Vision Seat Cleaner uses active ingredients that are 99% effective against invisible dirt, E.coli and other intestinal bacteria, fungi and viruses.

Improves hygiene standards

by reducing the risk of cross contamination. Each bags comes with its own integral dispensing valve, so the risk of bacteria growing on dispensing point is eliminated

Improves user confidence and customer satisfaction

A clean seat and pleasant fragrance makes it clear when it's been used **Fast-drying formulation** makes it quick and easy to use on toilet seats and other contact points such as flush and other hard surfaces.

Surface Care

Auto Clean LCD System

Automatic Hygiene System for Urinal Bowl & WC.

The NEUTRALLA Auto Sanitizer provides an automatic and continuous touch-free hygiene maintenance programme for toilets and urinals, 24-hours a day. It is the ideal system for maintaining well-cared for washrooms.

- Automatic constant and continuous cleaning of all ceramic surfaces exposed to flushing.
- Actively attacks hard water and mineral deposits in pipes, drains and septic tanks.
- Reduces and prevents scale and stains from forming.
- Germ kill properties stops germs breeding.
- Touch-free operation reduces the risk of cross infection.
- Eliminates odours at source and helps to maintain an odour-free environment.

System Features:

- Available in white, chrome, satin or gilt covers.
- Delivers 3,000 metered doses per refill.
- Dispenser size: 202mm (h) x 118mm (w) x 80mm (d).
- Fully programmable digital features: Based on selecting the number of days to refill replacement. State of the art programming technology that meets individual dispensing requirements including selecting the number of days to refill replacement and the hours of operation (8, 12, 16 or 24 hours, 5-7 days a week).
- One-way in-line valve prevents leakage and combats high water pressure.
- Safe formulations that are 100% compliant with EC legislation.
- 5 year guarantee on dispenser.
- Operates with 2 d-cell batteries that last for up to 2 years.
- CE approved.
- Material safety data sheets available.

Auto Sanitizer Refills

Purinel is a strong, acid-based cleaner that is designed to sanitize and clean surfaces, kill germs, attack hard water deposits and prevent scale and stains from forming.

Although it is an acid-based formulation, it is safe to use and kind to pipe work.

Purinel is extremely effective in killing a broad spectrum of bacteria very quickly. In the first flush it will remove up to 99.3% of germs and bacteria that are lying on the surface and produce thick foam that dissipates slowly after every flush.

Instant Hand Sanitizing Systems

Create a Healthy, Productive Environment.

Ultra Care Hand Hygiene Program

Thousands of times a day, a simple touch can spread germs that may cause illness to meeting rooms, doors, elevator buttons...and ultimately co-workers and visitors. When germs spread, illness can take a toll on performance due to absenteeism, presenteeism – which is when sick employees struggle to work but pass on their germs to colleagues resulting in

more employees falling ill and increasing lost productivity.

Recommended for:

- Educational Institutions
- Food Processing and Fisheries Units
- Healthcare Institutions
- Offices & Public Facilities
- Manufacturing Units

**Kills 99.9% Bacteria, certain fungi and viruses-
all instantly within a minute of application**

PRODUCT – Eco Bowl Clip 2.0

**Safe Eco-friendly CFC Free & Practical OPTION FOR All Time
Fresh Western Commodes Area**

What is The Eco Bowl Clip 2.0?

The Eco Bowl Clip 2.0, which locks into place to eliminate odors and create freshness. Containing 50x more air freshening than standard rim sticks, the Eco Clip gradually releases air freshener over 30 days. The clip works on the outside of bowls, (where the seat goes down and stays down), the tops of restroom partitions, or the side of tanks to combat odors and create freshness. The clip is secured in place and shrinks to fit as fragrance evaporates, so it doesn't move after placement. Eco Clip is 100% recyclable, doesn't dissolve when wet, or pollute the water.

Features and Key Benefits

- Discreet and secure
- Freshens the air for 30 days
- Complies with VOC requirements , 100% recyclable.
- Easy to use
- Versatile – used in many toilet and non-toilet areas to combat odors
- Contains 50x more air freshening than standard rim sticks
- Works great on the outside of the toilet bowl, on the side of the tank, or top of the partition

**Fragrance longevity Up to 30 days (PAO) & Shelf life 24 Months (PBO)
An Eco Friendly Quality Product imported from USA**

PRODUCT – URINAL SCREENS

		<p>Eco-friendly VOC Compliment With Anti scaling Enzymes technology</p>	
<p>V-SCREEN® URINAL SCREENS Suitable for washroom urinal fittings</p>			

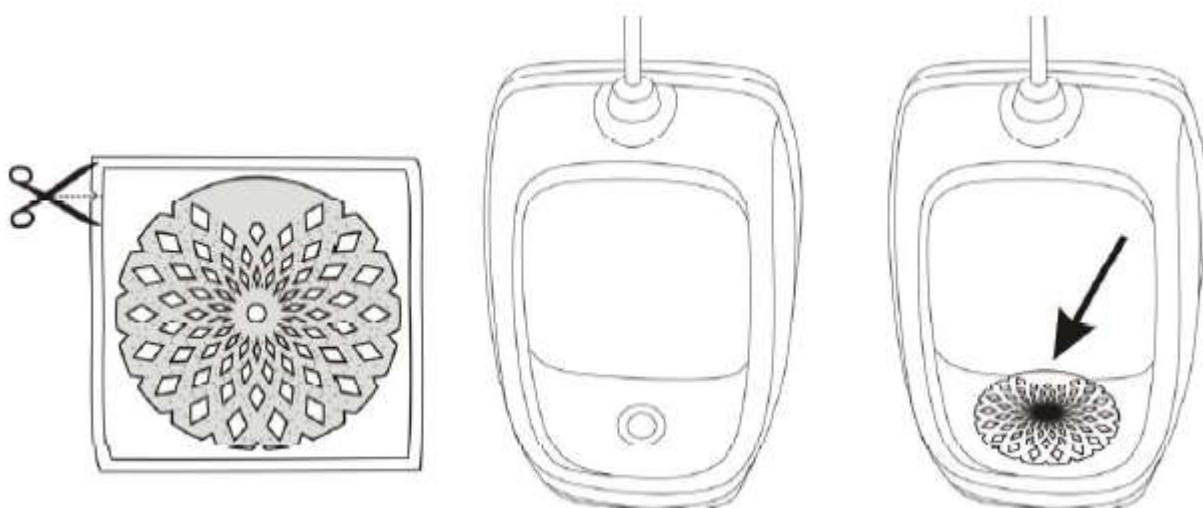

What is V-Screen®?

Urinals present a common breeding ground for bad odors through the build up of uric salt. The V-Screen® urinal screen offers an effective means of keeping drains and urinals free flowing and combat 24 X 7 odor control.

How does the product work?

The V-Screen® urinal screen fits in the urinal bowl/pot and act as a net to catch debris such as chewing gum, cigarettes, paper and other refuse. Incorporated within the V-Screen® is a mal-odour eliminating substance which has the ability to deodorize smells that may exist within the urinal. A pleasant fragrance is provided by an additional scent additive keeping the urinal smelling fresh for up to 30 days.
